

SIDDHESH THORAT

Full Stack Python Developer | Django | REST APIs | MySQL | Software Developer
siddhesh.s.thorat14@gmail.com | +91 8830875465 | [Linkedin](#) | [Github](#) | Pune, Maharashtra, India

PROFESSIONAL SUMMARY

Full Stack Python Developer with **9+ months** of internship experience designing, building, and deploying scalable web applications using Python, Django, and REST APIs. Demonstrated ability to architect **10+ production RESTful API endpoints**, optimize relational database performance across MySQL and PostgreSQL, and independently deliver end-to-end features throughout the full SDLC. Proficient in backend development, API integration, Django ORM, Git version control, and Agile methodologies.

TECHNICAL SKILLS

Languages	Python, SQL, JavaScript
Backend Frameworks	Django, Django REST Framework (DRF), FastAPI
Frontend	HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript (DOM)
Databases	MySQL, PostgreSQL, SQLite, Django ORM
Cloud & Deployment	PythonAnywhere, Render, GitHub Pages
Developer Tools	Git, GitHub, Postman, VS Code, PyCharm, Google Colab
Practices	REST API Design, Backend Development, SDLC, Agile, MVC, CRUD, Code Review
CS Fundamentals	Arrays, Linked Lists, Stack, Queue Searching, Sorting Algorithms

PROFESSIONAL EXPERIENCE

Python Developer Intern Testyantra Software Solutions Pvt. Ltd., Pune, Maharashtra	Jan 2025 – Present
- Engineered 5+ backend modules in Python/Django using modular MVC architecture, reducing code redundancy by 30% and accelerating feature delivery across sprint cycles. Architected 10+ production RESTful APIs using DRF, enabling frontend-backend data exchange and reducing average API response time by 25%. - Optimized complex SQL queries via Django ORM for MySQL and PostgreSQL, improving database query performance under real production workloads. - Developed reusable Django Models, Views, and Templates across 3+ modules, reducing boilerplate code and cutting new feature implementation time for the team.	

PROJECTS

Soulmates E-Commerce Platform Live Demo Github Python, Django, SQLite, HTML5, CSS3, JavaScript, Git, PythonAnywhere	Feb 2026 – Apr 2026
- Designed and shipped a full-stack e-commerce app with user authentication, session-based cart, paginated catalog, check-out flow, and order tracking – deployed live on PythonAnywhere. - Implemented CSRF protection, session handling, and database-driven product management with Git version control; completed 5+ deployment cycles with UI and backend improvements post-launch.	
Job Application Tracker Live Demo GitHub Python, Django, HTML5, Tailwind CSS, Bootstrap, JavaScript, Render	Jan 2026 -Feb 2026
- Built a Django dashboard to manage 500+ job applications, interview schedules, resume uploads, and status pipelines; secured with role-based access control and deployed on Render. - Designed a responsive UI using Tailwind CSS and Bootstrap for consistent cross-device experience.	
NewDays – Children Learning Web Application HTML5, CSS3, JavaScript	Feb 2025
- Built an interactive front-end educational platform with 10+ animated UI components targeting early childhood learning and cognitive development. - Implemented CSS3 animations and JavaScript interactive modules, improving user interaction and learning engagement.	

EDUCATION

Bachelor of Engineering – Computer Engineering Bharat College of Engineering, Thane Mumbai University, Maharashtra	Oct 2022 – Jun 2025
Diploma in Information Technology Govt. Polytechnic Awasari BK, Pune, Maharashtra	Jun 2019 – Jun 2022

ACHIEVEMENTS

- TCS iON NQT – IT (2026):** Scored **1981.80 / 3000 (79.06%)** – validated Python programming, problem-solving, and analytical reasoning at a national level.
- Elected **College Student Council Member for 2.5 years** – led **10+ campus-wide events**, demonstrating team leadership and cross-functional collaboration.

CERTIFICATIONS

- Full Stack Python Developer Internship Certificate** – Python, Django, REST APIs | Testyantra (2025) | [View Certificate](#)
